

TOP TWENTY JUDGING CRITERIA SCORE SHEET

Judge: _____ Armband #: _____ Average Placement (1-10) _____

Points have been assigned to specific features of the dog. These indicate the value that breeders place on that feature. However, the judge is only asked to come up with a number based on the total points for that particular section. For example: Side Gait is 7 pts.; Coming is 6 pts. and Going is 6 pts, but the judge is just asked to assign a number between ½ to 19 pts. for the Gait section. Points assigned to each section shall be WHOLE (1-19) or HALF (1/2) - NO OTHER fractions are used when scoring.

		Value of Feature	Maximum Points	Points Assigned
1.	Overall Impression of The Dog			
	Showmanship/Attitude/Presence/Breed Type	8	8	
2.	General Conformation & Appearance			
	Proportion	7	18	
	Bone/Substance	6
